

# Salvation's Cup

Chris Anderson

Molly Ijames

1. There was a cup of ho - ly wrath Which made our fear-less Sav - ior quake;  
 2. An - oth - er cup o'er - flows with grace— Sal - va - tion's boun - ty poured by Christ;  
 3. We drink a cup our Lord or - dained To point for - get - ful hearts a - bove;  
 4. A cup re - mains un - touched and fair, Which none shall drink till Christ ap - pears;

He prayed the cup from Him would pass, Yet drank its dregs for sin - ners' sake.  
 He bids our thirst - y, sin - ful race To come, to drink with-out a price.  
 With bread it speaks of sin - less pain, Of sav - ing death, of self - less love.  
 The King and Bride its joy will share, Un - mixed with woe, or sin, or tears.

*Chorus*  
 Our thirst is quenched by Christ the Lord, Who gives His cup and takes our own.

We taste and see that He is good; He sat - is - fies and He a - lone!
